Yogyakarta Economics and Business International Conference (YEBIC)

December 6, 2013
The Phoenix Hotel
Yogyakarta, Indonesia

Dear Presenters and Delegates,

On behalf the Publication Office of the Faculty of Economics and Business, Universitas Gadjah Mada, I would like to welcome you to the First Yogyakarta Economics and Business International Conference (YEBIC) 2013 held at Phoenix Hotel in Yogyakarta, which is Indonesia's most highly acclaimed cultural center.

We are thrilled to find out that there have been voluminous paper submissions coming to our desk for this conference. To be precise, 44 international academic papers were received from Indonesia, Japan, and the U.S. Due to space and time limits, we have carefully and thoroughly selected 20 papers to be presented during the conference, and three of them will be honored with the "Best Paper Awards."

Our international conference is very timely as the Indonesian government through the Directorate General of Higher Education has pushed for the internationalization of high-caliber research and teaching so as to cultivate globally-accredited academic institutions and enhance competitiveness at the ASEAN, Asian, and world levels.

We are very convinced that our presenters and delegates will gain many shared ideas and great experiences from this conference. Furthermore, our participants will enjoy additional insights from our plenary sessions' speakers, i.e., Prof. Jerome Donovan, Ph.D. of Swinburne University and Luky Alfirman, Ph.D. of the Indonesian Ministry of Finance. The plenary sessions per se will be moderated by Prof. Mudrajad Kuncoro, Ph.D. of Universitas Gadjah Mada, who is renowned as an acclaimed researcher and one of the most celebrated economists at his university.

Through this conference, we are committed to promoting and leveraging our forward-looking mission and academic culture of synthesizing global advancement with local wisdom. Once again, it is my great honor to welcome you to the First YEBIC 2013 in the great cultural city of Yogyakarta, Indonesia.

I look forward to meeting you soon.

Best wishes,

Eddy Junarsin, Ph.D.
Chair of the First YEBIC 2013
